

FINANCE, OIL AND GAS

New York

NEW YORK, June 18.—Stocks made vigorous recovery yesterday from the acute depression of the previous session, in numerous instances mounting well over last week's final prices. The rally resulted mainly from an unexpected demand for oil.

Call loans opened at 9 per cent, but soon fell to 6 on offerings of large amounts of the rate for call money, in comparison with Monday's requirements.

Sentiment among traders was more hopeful respecting the progress of the events at the peace conference, and shares of companies having Mexican interests reflected the better outlook in that quarter.

Dealings centered very extensively in stocks which suffered greatest impairment in last week's reactions, especially oil, motors and their subordinates, American Woolen and some of the local tractions and miscellaneous issues, including Interborough, Consolidated Preferred, Brooklyn Transit, Industrial Alcohol International Paper and American Ice.

Pittsburgh

PITTSBURGH, June 18.—Brewing stocks continued the feature of the local stock market yesterday and ruled very firm, despite the news from Washington that the House Judiciary committee had voted 10 to 4 against making a favorable report on the repeal of war-time prohibition. Independent Brewing common advanced to and closed at 6 and the preferred to 12 1/2. The bonds of this company sold 1/2 higher at 50 1/2 and the market advanced to 52 bid, 53 asked. Pittsburgh Brewing stocks were less active, but the preferred closed 1/2 higher at 18 and the common 1/2 higher at 9 1/2, while the bonds were quoted at 75 bid, 80 asked.

Oil and gas stocks were less active and averaged slightly lower. An exception was Pittsburgh Oil and Gas, which closed 1/2 higher at 16 1/2. Arkansas Gas broke to 5 1/2 and recovered to 5 3/4 at the close. Ohio Fuel Supply was in moderate demand within the range of 51 and 50 1/2, closing at 50 1/2. Westinghouse stocks were dull and fractionally lower. American Sewer Pipe sold within the range of 24 1/2 and 25 1/2, closing at 25.

Grain and Produce

CHICAGO, June 18.—Sharp setbacks in the value of corn yesterday resulted largely from excellent weather conditions for the growing crop. The close was unsettled at 1/2 to 2/3 net lower with July \$1.75 1/2 to \$1.75, and September \$1.65 1/2 to \$1.65. Oats were 1/2 to 2/3 down, and provisions off 3/4 to 5/8.

Oil and Gas.

Late completions in the West Virginia fields are not of the kind to inspire greater activity. In fact, few wells just drilled in are disappointing. In Washington district, Jackson county, the United Fuel Gas Co., has drilled a test on the John J. Casto farm to and through the Gordon sand to a depth of 2,931 feet. It is dry in all formations and abandoned. In the same district, the Carter Oil Company has the rig completed for a second test on the H. C. Casto farm. On Elk Fork, Currie district, Boone county, the same company has the rig completed for another test on the C. L. Monroe farm, located 500 feet east of the same company's test on the Alice Monroe farm.

Three miles east of Ellensburg, Clay district, Ritchie county, C. Riggs & Co. have completed a test on the Geo. Flanagan farm. It is a failure. Just a light show of oil and gas was developed. The drilling of this test was financed by Ellensburg parties. In Grant district, E. J. Kinser is due in the sand at a test on the Scaddon heirs' farm. In the same district, the Car-Hale Farm Oil Co. has the rig completed for another test on the J. E. Car-Hale farm.

In McKim district, Pleasant county, the McCullough Fuel Oil Co. is finishing a test on the Elms Butcher farm. They are down 1,100 feet. In Union district, the Lance Oil Co. is developing

Had 23 Pints in an Automobile

Early this morning county officers arrested Andy Marcovich, and J. M. Boseb, charged with bringing whiskey into the state. The men together with a little boy, the son of Marcovich were caught on the Fairmont and Morgantown road and when arrested were in an automobile. The automobile was searched and 23 pints of whiskey were found.

The automobile was driven and owned by Marcovich. Following their arrest the men were brought to the county jail here where they are now awaiting trial.

PROFITABLE SPRAYING.

It's time right now to decide whether you'll raise insects or fruit this year. The latter crop will certainly be more profitable. Spraying fruit trees, vines and bushes always pays a profit if right materials are used. We can furnish the right kind of spraying materials. Have a complete stock and guarantee the quality. Fairmont Pharmacy, Phone 536.—Adv.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. My friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give my permission to publish this letter."—Miss Flo Kennedy, 470 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal health condition and as a result her nervousness disappeared.

How \$1,000 Grew From One Old Dollar Bill.

Some four years ago a friend came into possession of an old worn out dollar bill. He brought it in to be exchanged for a crisp new one. Someone suggested that it might bring him luck and that he open an account with it.

Today that dollar bill forms the foundation for nine hundred and ninety-five crisp new dollar bills and the depositor can have one thousand crisp ones if he so chooses.

Does your savings account pay? Bring one dollar and ask the manager at the window that question.

Discrimination. "Why are you opposed to trying the ex-killer?" "I'm not opposed to it," replied Cactus Joe. "I'm for law and order every time. Only I kind o' hate to see old Bill Boche gettin' more courteous formality than Crimsey Gulch used to show to high class boss thieves who was willin' to gamble on his own life."—Washington Star.

Miss Thora Robinson is quite sick at her home in Fenimore street.

REV. F. L. TATE'S NERVE FORCE NOT EQUAL TO TASK

But He Soon Built It Up to the Needed Power by Using Nerv-Worth.

This well known colored minister, pastor of the Mt. Olive Baptist church at Dayton, O., has derived extraordinary benefits from a single bottle of Nerv-Worth and he tells the story most eloquently to Dayton's Nerv-Worth druggist: "Jonkins Drug Store—For five years I have been in a very nervous condition. Did not have the nerve force to digest my food. I could only eat a few things. Doctors told me to eat any cold lunch, my stomach and digestion were in a very bad condition. Gas formed on my stomach and caused terrible bloating. My blood was in a very bad condition and my circulation was poor. My legs were cold and numb feeling in them and my hands. Could not obtain any relief from my nervous breakdown until I took one bottle of Nerv-Worth and that changed everything. I am nervous no more. Can eat anything any time, no bloating and stomach and digestion in fine condition. Good circulation and blood. No numbness and cold feeling in my legs and hands. I am now feeling fine and have regained my health and vigor."

Rev. F. L. Tate, Mt. Olive Baptist church, Dayton, O., your dollar back if your Nerv-Worth drug store, Fairmont, if Nerv-Worth does not help you. Neighboring agents: H. J. Mathews & Co., Mannington; W. I. Moran, Farmington; F. J. Yost, Fairview; Windor Drug Co., and the Hunkaker Pharmacy, Shinnston; Grant Graham, Bellingham; W. O. Davis, Phillips, Adv.

THE SAFE COURSE

to pursue in starting any business is to establish confidence. In no better way can this be done than by having a good working balance at the Fairmont Trust Company—it gives prestige.

WEAK, SICKLY, RUN DOWN WOMEN

Must Look to Their Blood If They Wish to Regain Their Health and Happiness.

Many symptoms peculiar to women, such as dizziness, fainting spells, backache, headaches, kidney and bladder troubles, languor and nervousness are in a large part due to impurities in the blood—or worse still, anaemia, which means that the blood is thin, watery and lacking in nourishment. If you are run down, if your energy or strength are below normal, if you have to force yourself to do your daily tasks, you should enrich your blood supply at once. In this way—you start a sure foundation on which to build your health and happiness.

You may easily and quickly renew both the quantity and quality of your blood by taking a short course of Novo San.

Novo San, the new Red Blood Builder, has already won a place in the hearts of scores of women by restoring their youthful health and vigor. It not only purifies your blood of poisonous impurities, but actually builds new blood, in this way vitalizing your whole body, charging you with new powers of endurance and energy, stimulating the action of the kidneys, liver and bowels, promoting regularity, health and comfort. Your tired nerves are steadied and your overworked, undermined, weakened system is quickly nourished and back to health and strength.
